

We are looking for a **DEVELOPMENT MANAGER**

"Vision with action makes a powerful reality."

Are you curious and looking for new opportunities? Are you fascinated by new developments? Do you have strong analytical skills? Do you work well together and have an extensive personal network?

Korpodeko is looking for a Development Manager who can contribute to the transformation process and growth of the organization. An experienced (young) professional with a passion for the profession.

Development Manager (Fulltime)

The primary focus of the Development Manager is to strategically transform the customer and the market development into commercial opportunities to grow both the organization and the customers.

You ensure that the credits and development area of the organization fit the needs, goals, and culture of the entire organization.

You are responsible for the processing of loans and development programs, the guidance of clients, recruiting and expanding the client base, and monitoring the payment behavior of clients. In addition, you ensure a professional financial settlement and administrative implementation of the development programs and products.

We are looking for a (young) professional with:

- A completed Bachelor in Accountancy, International Business or Banking and Insurance;
- Minimum 3 years of relevant experience in the financial sector/auditing;
- Excellent commercial skills and sense of entrepreneurship;
- Result-oriented, project-oriented, and investment-oriented thinking ability.
- Innovative thinking and market-oriented;
- Customer focus;
- Strong communication skills;
- Good problem-solving skills;
- Optimal computer skills;
- Strong command of Dutch, Papiamentu, and English in word and writing.

We offer:
